We have also attained a 100% pass rate in the following subjects:

Our matric students would not have achieved such good results without the help of teachers, parents, School Management Team (Mr Manyesa, Ms Troost and Heads of Department), school admin and support staff, Vuleka Council, Vuleka Central Office team, Anglican Church, The Anglican Board of Education in Southern Africa, Independent Schools Association of Southern Africa (ISASA), Department of Basic Education, Gauteng Department of Education, sponsors, and donors who supported the school, particularly matric students, may God bless you all.

Our school mission is to provide excellent and affordable education for all, and I appeal to everyone to give us more support to deliver on our mission.

Yours Sincerely
